## EDUCATION

### Bharat International Senior Secondary School(CBSE), Krishnagiri — 12th Standard

MONTH 2020 - MONTH 2022

Percentage-94%

### Government College of Technology, Coimbatore— Bachelor of Engineering- Computer Science

MONTH 2022 - MONTH 2026

CGPA-8.23

## PROJECTS

### Student Grade Tracker System— Built using Python

- **Technologies Used:** Python, Tkinter (GUI), Matplotlib (visualization), Pickle (data persistence).
- Developed a Python-based application to manage and track student grades efficiently. The application allows educators to add students, input grades for quizzes, midterms, finals, and participation, calculate final grades, and visualize class performance using graphs.

### Fingerprint Voting System — Built using HTML, CSS, Javascript, localStorage

- Developed a secure **Fingerprint Voting System (FVS)** that authenticates voters using Aadhaar-linked Voter ID and biometric verification, ensuring a transparent and fraud-free election process.

## SKILLS

### Programming Languages:

- Python
- C

### Full Stack Development:

- HTML
- CSS
- Javascript
- MySQL & MongoDB
- React.js & Django

### Git & GitHub

### MS Excel(Intermediate)

## CERTIFICATIONS

HTML, CSS, Javascript  
,AngularJS - Infosys  
Springboard

MS Excel(Intermediate)  
-Coursera

Cloud Computing -Workshop  
by myskills academy

## LANGUAGES

English, Tamil, Telugu

## HOBBIES

Drawing, playing, Reading
